What it is

Three small worlds. One Sparkle. When it splits into three shards, Soft Dumpling, Goo Ball, and Blushy Bun Bunny leave home for the first time to find the pieces. What they find on the way is each other. A gentle, read-aloud bedtime picture book for ages 4-8 about brave kindness, friendship across difference, and being found.

Why now

- Original-IP squishy storybook - the lane the licensed brands (Squishmallows, Pop Mart) haven't filled. First-mover during the active squishy craze.
- Production story: \$11 per book AI-pipeline vs \$3K-20K traditional baseline. Local press angle that travels - Spartanburg dad, three girls, solo build.
- Cross-product ecosystem: Book 1 (Meet the Squishies) + Book 2 + mobile game. Multiple price points, repeat-purchase ladder, lifelong-customer mechanics.
